Rev. Faith McCutcheon
118 McCutcheon Lane
Vandergrift, PA 15690

To whom it may concern,

As the Pastor of a Church Revitalization, there are many things that are in the process of changing in the hopes that the Church can be transformed from a plateauing or declining Church, into a growing thriving Church within the community. But this takes time and resources that Church's like mine simply do not have in place. When Pastor Faith reached out to me it could not have been at a more perfect time. As I have been leading this Church in our revitalization efforts, one key component that needed addressed was our praise and worship. Our Church has gone so long without quality, spirit-led worship that many in the congregation had forgotten how vital and refreshing it could be.

Faith and her husband Ed did not disappoint. Their music was timely, their talent and skill were undeniable, and the anointing on their ministry was unmistakable. At a time in our culture where worship is becoming more commercialized, less about the Holy Spirit's anointing, and more about entertaining, Pastor Faith and Ed are a breath of fresh air. They brought exactly what our Church needed that day, and gave our congregation a taste of what "could be" as we seek to revitalize and recalibrate our Church moving forward.

I highly recommend Pastor Faith and Ed McCutcheon. I know they will be a blessing to your Church, because they were most certainly a blessing to mine.

Rev. Brandon D. Petras

Lead Pastor
Butler City Church
