To fellow ministries:

There are only two types of worship leaders; performers or pastors. As you may know, finding a quality music ministry is hard and finding one with a pastoral heart is even harder.

Living Hope Church has had the opportunity for Pastor Faith McCutchen to minister in our church several times over the past few years. Faith and her husband, Ed truly lead with a pastoral heart of worship. Faith & Ed lead will lead your congregation in a professional and spirit-led time of worship. We are very particular as to whom we allow to minister within our church and can confidently say we would host the McCutchen's again.

LHC highly recommends you consider Faith's worship ministry, you will be blessed and encouraged.

Blessings,

Pastor Glen Burridge
