Dear Faith,

On behalf of the Congregation and Leadership Team of Lighthouse Community Church, I want to thank you and Ed for leading us in worship on August 25th. As you know, that very same weekend, one of our most beloved church members passed away. That Sunday our Church family was in a state of sadness and mourning. Nevertheless, your love and professionalism lead us into the presence of the Holy Spirit through worship and song. I am so glad that you both were there to help us through that difficult time.

Worship is sometimes a struggle in a small church, because of a lack of musicians. It's so refreshing to know that there is a ministry like what yours, to come and assist small churches when they need help.

Thank you again for Blessing us during our time of need. Be assured, that we will have you back again!

Blessings to you and Ed in the name of Jesus!

Rev. Jeffrey A. Henry
